

Hello first grade parents!

My name is Marian Russell-Pelia (Mrs. Pelia). I was recently married in October of 2010. I enjoy singing, reading, swimming and most of all working with young children.

I am a student teacher from Aquinas College. I graduated in May of 2011 with a degree in elementary education. I majored in K-12 learning disabilities and minored in early elementary education.

I am absolutely thrilled to be working with St. Thomas for the next eighteen weeks. If any of you have any questions I am available before and after school. The best way to contact me is through email mir002@aquinas.edu. I will be working with Mrs. Lake and the first graders for the first 9 weeks of my time here at St. Thomas.

I have met all of the first graders and anticipate a fun, happy, healthy and educational start to this new and exciting school year.

God Bless,

Marian Russell-Pelia
