Instructor: **Suzanne Marie Keep, MSN, RN** - Nursing Instructor at University of Detroit Mercy - Grand Rapids (Aquinas Campus) McAuley School of Nursing

Interactive course focusing on wellness interventions and roles of health care professionals. Some of the things we will do are: grow germs and look at them through microscopes in the microbiology lab and learn how certain germs can make people sick, we will make a "smoking lung" and learn about how to keep lungs healthy, we will learn how physical activity is important to our health and make a "sammy the snake" to relax and comfort sore muscles, and we will also learn about keeping our hearts healthy and use electrocardiograms to see the rhythms of our hearts. This class will incorporate what nurses and other health care professions can do to help people stay healthy. The class will be informative on prevention of illness while having fun with science.
